7 SIMPLE STEPS
to repair asphalt like a pro

MAXPHALT™

PATENT PENDING

Read all instructions and warning before using product.

Instructions for use:

1. Pre-clean hole in pavement or depression from all debris, vegetation or water.
2. Remove top of pail.
3. Always carry pail with two hands and keep away from children.
4. Pour contents of pail into cleaned area.
5. Using a shovel or similar tool, spread evenly to desired shape.
6. Leave material slightly higher to accommodate compaction.
7. Compact with hard smooth surface. Product will harden over time.

SAFETY WARNING

- **Always wear** safety goggles and protective clothing to avoid contact.
- **Keep product away from children at all times.** Product should be stored with top of pail in place and out of reach of children.
- **Do not inhale or ingest product.** If inhalation or ingestion occurs, seek medical attention.

California Proposition 65: This product contains chemicals (crystalline silica) known to the State of California to cause cancer.
